

# ONCOCYTE REPORTS THIRD QUARTER 2022 FINANCIAL RESULTS

Nov 10, 2022

IRVINE, Calif., Nov. 10, 2022 (GLOBE NEWSWIRE) -- Oncocyte Corporation (Nasdaq: OCX), a precision diagnostics company with the mission to improve patient outcomes by providing personalized insights that inform critical decisions throughout the patient care journey, today reports financial results for the third quarter 2022, ended September 30, 2022.

### **Third Quarter and Recent Highlights:**

- SWOG Cancer Research Network selected the DetermalO<sup>TM</sup> test to be used in its S1418 clinical trial, a prospectively designed biomarker study of breast cancer tissues.
- DetermalO sample volume from Early Adopters grew at 117% quarter over quarter.
- DetermaRx<sup>TM</sup> test sample volume increased by 51%, compared to third quarter of 2021 and onboarded physician base increased by 62%, as compared to the same period in 2021.
- Received recommendation from the Advisory Panel for the DetermaRx test to be cross walked to CPT code 81522, increasing reimbursement rate by 23% beginning January 2023.
- Announced that Palmetto GBA, a Medicare administrative contractor for the Molecular Diagnostics Services program (MolDX), has conveyed the validity of a Local Coverage Determination (LCD) reconsideration request for broader coverage for DetermaRx to include risk-stratification to assess the risk of recurrence for the early-stage non-small cell lung cancer patient to determine the best course of action for patient management.
- Completed initial phase of our cost reduction initiatives to streamline the company.

"We have maintained our momentum against our major milestones across our portfolio, leveraging our newly streamlined organization, as we announced in August. Our reimbursement efforts for our VitaGraft<sup>TM</sup> products are in a productive dialogue with MolDx as we get close to a final determination," said Ron Andrews, Chief Executive Officer of Oncocyte. "We have learned a lot about the potential utility for our VitaGraft Liver test during our Early Access Program launch and have identified a compelling opportunity from the experts we have engaged to date. We also continued to make solid progress with DetermaRx in the third quarter, delivering 51% year over year growth in sample volumes and successfully onboarding new physicians and accounts."

"Looking ahead, we remain on track to submit our dossier for DetermalO reimbursement in coming weeks. Additionally, our corporate development activities are yielding several interesting opportunities, and we have engaged Perella Weinburg Partners as our advisor to assist us in identifying and evaluating a range of potential strategic alternatives. On a parallel path, we continue to explore avenues to bolster our cash runway and to reduce our spend. We believe that Oncocyte has a bright future in front of us as the

product development efforts from the past few years transition to market launches of several new high-value, reimbursed tests over coming quarters."

### **Third Quarter 2022 Financial Results**

Total revenue was \$1.0 million for the third quarter of 2022, compared to \$2.1 million for the prior quarter. Third quarter revenues associated with DetermaRx were \$1.0 million, an increase of \$0.1 million sequentially, and \$0.5 million year over year. Operating expenses for the third quarter 2022 were \$8.0 million, compared to \$12.7 million, a decrease of \$4.7 million from the same period in the prior year. Research and Development expense for the third quarter 2022 was \$4.4 million, an increase of \$1.3 million from the same period a year ago. The increase in R&D expense was due to full integration of the Chronix R&D team, the growth and enrollment of our clinical trials, and added headcount related to the buildout of our IVD product development capabilities in the first quarter. General and Administrative expense for the third quarter of 2022 was \$5.8 million, an increase of \$0.3 million for the same period in 2021. Sales and Marketing expense in the quarter was \$4.0 million, an increase of \$1.1 million year over year, primarily attributable to an increase in headcount and continued ramp in sales and marketing activities related to the transplant business, as well as support the commercialization efforts within oncology.

Net loss was \$9.3 million for the third quarter of 2022 and net loss per share was \$0.08 on a weighted-average basic and diluted share count of 118.6 million, compared to a net loss of \$13.8 million and a net loss per share of \$0.15 on a weighted-average basic and diluted share count of 91.5 million in the same period of the prior year.

Cash, cash equivalents, restricted cash and marketable securities were \$34.2 million as of September 30, 2022.

## **About Oncocyte**

Oncocyte is a precision diagnostics company with a mission to improve patient outcomes by providing personalized insights that inform critical decisions throughout the patient care journey.

Through its proprietary tests and pharmaceutical services business, the Company aims to help save lives by accelerating the diagnosis of cancer and advancing cancer care. The Company's tests are designed to help provide clarity and confidence to physicians and their patients at every stage. DetermaRx<sup>T</sup> identifies early-stage lung cancer patients who are at high risk for cancer recurrence and who may benefit from adjuvant chemotherapy. DetermalO<sup>T</sup> is a gene expression test that assesses the tumor microenvironment to predict response to immunotherapies. The Company's pipeline of tests in development also includes DetermaTx<sup>T</sup>, which will assess mutational status of a tumor, DetermaCNIT, a blood-based monitoring test, DetermaMxT, a long-term recurrence monitoring test, and VitaGraftT, a blood-based solid organ transplantation monitoring test. In addition, Oncocyte's pharmaceutical services provide companies that are developing new cancer treatments a full suite of molecular testing services to support the drug development process.

DetermaRx<sup>™</sup>, DetermalO<sup>™</sup>, DetermaTx<sup>™</sup>, DetermaCNl<sup>™</sup>, DetermaMx<sup>™</sup> and VitaGraft<sup>™</sup> are trademarks of Oncocyte Corporation.

### **Forward-Looking Statements**

Any statements that are not historical fact (including, but not limited to statements that contain words such as "will," "believes," "plans," "anticipates," "expects," "estimates," "may," and similar expressions) are forward-looking statements. These statements include those pertaining to, among other things, reimbursement efforts for VitaGraft products, the anticipated submission of the Company's dossier for DetermalO reimbursement in coming weeks, potential strategic alternatives, plans to bolster the Company's cash runway and reduce its spend, anticipated market launches of new high value, reimbursed tests over coming quarters, and other statements about the future expectations, beliefs, goals, plans, or prospects expressed by management. Forward-looking statements involve risks and uncertainties, including, without limitation, the potential impact of COVID-19 on Oncocyte or its subsidiaries' financial and operational results, risks inherent in the development and/or commercialization of diagnostic tests or products, uncertainty in the results of clinical trials or regulatory approvals, the capacity of Oncocyte's third-party supplied blood sample analytic system to provide consistent and precise analytic results on a commercial scale, potential interruptions to supply chains, the need and ability to obtain future capital, maintenance of intellectual property rights in all applicable jurisdictions, obligations to third parties with respect to licensed or acquired technology and products, the need to obtain third party reimbursement for patients' use of any diagnostic tests Oncocyte or its subsidiaries commercialize in applicable jurisdictions, and risks inherent in strategic transactions such as the potential failure to realize anticipated benefits, legal, regulatory or political changes in the applicable jurisdictions, accounting and quality controls, potential greater than estimated allocations of resources to develop and commercialize technologies, or potential failure to maintain any laboratory accreditation or certification. Actual results may differ materially from the results anticipated in these forward-looking statements and accordingly such statements should be evaluated together with the many uncertainties that affect the business of Oncocyte, particularly those mentioned in the "Risk Factors" and other cautionary statements found in Oncocyte's Securities and Exchange Commission (SEC) filings, which are available from the SEC's website. You are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date on which they were made. Oncocyte undertakes no obligation to update such statements to reflect events that occur or circumstances that exist after the date on which they were made, except as required by law.
